WELCOME TO THE RCA

Photo: Iwan Baan

Founded in 1837, the Royal College of Art is the world's largest community of postgraduate art and design students. It is also the oldest art and design university in continuous operation and has been ranked as the world's number one art and design university for a remarkable ten consecutive years, according to the QS World University Rankings by Subject 2024 – the worldwide survey of academic and industry opinion.

The RCA is research-led and recognised in the UK-wide REF (Research Excellence Framework) as the UK's most research-intensive institution – with an increased proportion of the College's outputs classed as 'internationally excellent' and 'world-leading' in the most recent REF assessment of 2021.

Studying at the RCA is the starting point for the world's creative leaders. With more than 25,000 RCA alumni across the globe, the RCA's graduates form a unique international network of artists, designers, creators, and innovators. Every year, RCA alumni are recognised as leaders in their discipline, making national and international headlines for their work, which shapes the world we live in. Its graduate start-up incubator, InnovationRCA, is one of the most successful in the country with a high proportion of female start-up founders and a high 'survival' percentage after five years of trading.

More than 2,800 students are spread across four schools and research and academic departments, studying at Graduate Diploma, MA, MFA, MDes, MArch, MEd, MRes, MPhil and PhD levels. The College's mix of professionalism and creative freedom, together with its renowned academic community and rigorous academic framework provides the ecosystem in which students flourish and achieve their highest potential.

Photo: Richard Haughton

In addition, the RCA has a number of established and planned research centres: the Helen Hamlyn Centre for Design; the Material Science Research Centre (which includes the Materials Futures Research Group and the Textiles Circularity Centre); the Intelligent Mobility Design Centre, Computer Science Research Centre, and a future centre in Drawing. The RCA is also home to one of the UK's most successful university incubators, InnovationRCA.

The RCA espouses a hybrid approach, supporting 'traditional' making and technical skills in fine and applied art and design alongside the foundational sciences, engineering and technology which underpin designers' ability to solve today's global challenges. The RCA champions the value of interdisciplinary learning and was the first art and design university in the world to implement a STEAM (Science, Technology, Engineering, Art and Design and Mathematics) academic vision, with investment in new faculty posts in Materials Science; Computer Science and Robotics alongside art and design disciplines. By applying creative insights to evidence-based science, its staff, students, researchers, and start-ups are addressing major global challenges such as rapid urbanisation and transport; loss of biodiversity; ageing populations; unsustainable consumption and production; and the rise of AI.

Our Strategy

The RCA's strategic vision is to increase its influence on the world stage of globally ranked universities, punching significantly above its weight, and attracting, supporting and convening the world's most talented faculty, students, artists, designers and creative leaders. For more information on The RCA's Strategic Plan 2022–27, please click on this link: [Strategic Plan 2022–27](#).

Our People

Photo: Richard Haughton

The role of Royal Visitor to the RCA was taken on by The former Prince of Wales – now His Majesty The King – in 2018. The announcement of HM The King’s retained Patronage of the RCA marks the first anniversary of Their Majesties’ Coronation. As part of the official Coronation Concert in May 2023, the Royal College of Art along with The Royal Ballet, The Royal Opera, the Royal Shakespeare Company, and the Royal College of Music came together for the first time ever to create a spectacular one-off performance, with a striking visual backdrop of specially-designed artworks contributed by students from the Royal College of Art.

The RCA’s Chancellor is Sir Jony Ive, and the Pro-Chancellor and Chair of Council is Sir Peter Bazalgette (please see link to Council independent members’ biographies). The RCA’s President & Vice-Chancellor – the CEO of the institution – is Professor Christoph Lindner who joined the College in April 2024.

The RCA’s academic faculty bring world-leading expertise and industry knowledge to the practice-based model of teaching. There is a core academic and research workforce of 196 FTE, supported by around 215 Associate Lecturers and a wide range of Guest Lecturers who bring ‘live’ industry experience into the taught curriculum – for example, Amin Taha of GrantOn design, whose work was twice shortlisted for the RIBA Stirling Prize, in 2017 and 2021, teaches in the School of Architecture; and Yao Yingjia, who is Vice President and Chief Designer at Lenovo teaches in the School of Design.

The RCA combines contemporary and industry-focused teaching perspectives. It also employs a team of 95 highly skilled technicians, many of whom themselves have postgraduate qualifications in their fields of specialism, which range from rapid prototyping and subtractive manufacturing to film and sound engineering, and from digital modelling to metal fabrication and jewellery making.

Our Values

Photo: Shaun James

The RCA community operates in line with four agreed values:

Curiosity

We have a tenacious commitment to innovation and openness to change. We positively interrogate ideas, assumptions and plans and welcome the honest scrutiny that is alive in a learning community.

Inclusion

We celebrate diversity and embrace difference as a source of strength. We strive for an inclusive RCA community, removing barriers and challenging exclusionary and discriminatory practices.

Collaboration

We value what happens together and we help and support each other to achieve our collective goals. We work in partnership with our students, staff, alumni, institutions and communities across the globe to make a lasting difference.

Integrity

We are always willing to listen, we offer constructive feedback and we promote accountability, building relationships of mutual trust and respect. We are resilient in the face of challenges, pursuing outcomes with individual, cultural, societal and economic impact.

School of Design

Photo: Richard Haughton

The School of Design offers programmes that engage with a broad spectrum of design from the industry-focused, through collaboration with engineering and science, to the experimental and theoretical. With a strong culture of innovation, experimentation and debate, as well as research degrees at MPhil and PhD level, the School explores the boundaries of knowledge in the fields of industrial design, design engineering, product design, service design, critical design, systems and services, social innovation, new materials, globalisation and the discourse between international pedagogies and manufacturing.

Programme: Design Products

Photo: Richard Haughton

Design Products explores new terrain for designing products aiming to evolve new design disciplines and practices. We question 'what is a product?' and the assumption of adding products to uncover critical questioning to inform cutting edge creative practices for designing better futures. Our programme ethos focuses on a range of ideas for exploring these new areas for product design practice including design subtraction, multi-species design, circularity, questions for action, products delimited, design doing, design justice and decolonising design. We anticipate that these areas will evolve and adapt year to year.

We work in collaboration with industry but also explore new locations and relationships for designing products: the experiences and impacts they generate whether these are design interventions or working with start-ups, governments, or global agencies. We measure the success of our design impacts against the United Nations Sustainability Development Goal's and the design territory of products within systems.

Tutor (teaching) Design Products

Photo: Richard Haughton

Purpose of the post

We are seeking an outstanding practitioner in the expanded field of Design Products to contribute towards the ongoing work of the School of Design and the Royal College of Art more broadly.

The successful candidate will demonstrate enthusiasm for working with students and alongside colleagues with the high levels of commitment and energy required by a world-leading environment. As well as being able to support and respond to the work of postgraduate students, the successful candidate will also be expected to teach through the delivery of lectures, workshops, seminars, and crits across the Design Products programme as well as work alongside colleagues in all aspects of the organisation of exhibitions and events. They will also be expected to undertake administration around their teaching as required by the well-established structures present across the school.

Tutor (teaching) Design Products

Photo: Richard Haughton

MAIN DUTIES AND RESPONSIBILITIES

Learning & teaching

- Provide academic, pastoral and technical (as appropriate) tutorial support to students, including regular one to one meetings as agreed
- Provide regular feedback to students to help them develop their skills and improve the quality of their work
- Participate in the assessment of student work, including through participation in the assessment board as required, ensuring a rigorous and fair assessment of the work
- If directed by the head of programme, lead a designated high quality project, ensuring delivery on time and on budget
- Contribute to, deliver and where appropriate lead on cross-college, cross-school and cross-disciplinary teaching and research activities as appropriate
- Keep abreast of innovation and best practice in learning and teaching in own subject
- Continually update own knowledge and understanding in academic specialism
- Supervise research students (MPhil or PhD as appropriate)
- Contribute to teaching, delivering high quality teaching content that meets the needs of individual students
- Actively engage in broader educational issues, such as external examining and attending conferences
- Contribute to curriculum design and supporting material to help ensure high quality academic content and innovation in learning and teaching, and assessment

Tutor (teaching) Design Products

Photo: Richard Haughton

MAIN DUTIES AND RESPONSIBILITIES

Research

- Disseminate research findings through appropriate channels, and in line with the College's overall strategy
- Complete and keep up to date five year individual research plan, reviewed and updated annually
- Follow pedagogical and scholarly research interests in line with the strategic direction of the College or relevant school, in discussion with head of programme or dean
- Contribute to securing research funding in line with the targets for the school

Academic management, administration & citizenship

- Participate in student recruitment, including assessing student ability and potential to inform recruitment decisions
- Promote the College to potential students, through speaking engagements, attendance at promotional events, or other relevant activities
- Lead field trips in line with programme requirements, supporting student learning and helping to ensure pedagogic value from such trips
- Undertake risk assessments for work as necessary, complying with the necessary policies and procedures and ensuring the safety of students and colleagues
- Participate in college committees as appropriate, contributing to sound decision making

Knowledge transfer & executive education

- Contribute towards proposals for funding and manage any individual grants awarded to ensure delivery of objectives
- Seek to develop links with industry in area of specialism to promote the College and its students

Person Specification

Characteristics of the Post Holder

Skills, knowledge and experience

Essential

- First degree in a relevant specialism
- Commitment to high quality teaching and fostering a positive learning environment for students.

Desirable

- A doctorate in relevant field or evidence of appropriate professional practice or academic achievement
- A postgraduate certificate (PGCert) in higher education and/or accredited fellow of the Higher Education Academy, or willingness to undertake appropriate training to achieve such within two years of appointment
- If supervising research students, have completed research supervision training or willingness to undertake and complete appropriate training within two years of appointment
- Commitment to continuous professional development.
- Commitment to equality of opportunity and the ability to work harmoniously with colleagues and students of all cultures and backgrounds
- Evidence of the ability to supervise academic work at masters and doctoral level
- Experience of devising and teaching courses, and setting and assessing written work at undergraduate or postgraduate degree level
- Evidence of, or clear potential to produce, research outputs of at least 3* REF quality in line with the strategic direction of the College

Pay & Benefits

Additional Information:

- Salary working 5 days per week: £52,350- £58,395 per annum inclusive of London Allowance.
- 30 days annual leave plus extended breaks at Christmas and Easter
- A contributory defined benefit pensions scheme and interest free season ticket loan are available
- Time to conduct research will be allocated to the person appointed on the basis of the College's Academic Employment Framework. This stipulates a minimum of 20% research time for a research academic.
- The successful candidate will be required to work at our Kensington campus, and across the RCA's other London sites (White City and Battersea) as necessary and reasonably requested.

Post: Tutor

School: School of Design

Programme: Design Products

Grade: 9

Responsible to: Head of Programme

FTE: 0.2 FTE

Tenure: Fixed-Term until 13/12/24

Photo: Philip Vale

Pension

The Royal College of Art is a member of the Superannuation Arrangements of the University of London (SAUL) which is a contributory defined benefit pension scheme. The college will contribute a sum equal to 16% of your salary while you pay 6%.

Holiday

30 days paid leave a year plus bank and public holidays normally observed in England and Wales. In addition, the college is normally closed for six days a year, one day on either side of Easter and the remainder between Christmas and New Year. Part-time staff will be entitled to the pro rata equivalent.

Season ticket loans

Interest-free loans are available for staff to purchase annual season tickets.

Enhanced maternity and adoption pay

Qualifying employees are entitled to enhanced maternity/adoption pay: 26 weeks' full pay, 13 weeks Statutory Maternity/Adoption Pay. This compares to the statutory provision of 90% of average pay for 6 weeks followed by Statutory Maternity/Adoption Pay for 33 weeks.

Enhanced paternity pay

Qualifying employees are entitled to two weeks' paternity leave entitlement at full pay. This compares to the statutory provision of two weeks' pay at the statutory rate.

Enhanced shared parental pay

Qualifying employees are entitled to enhanced shared parental pay: up to 24 weeks' paid at the full rate of the employee's normal pay (only in the first 26 weeks following the start of maternity/adoption leave), followed by 13 weeks Statutory Shared Parental Pay. This compares to the statutory provision of up to 37 weeks paid at the statutory rate or 90% of average weekly earnings, whichever is lower.

Enhanced sick pay

Occupational sick pay after three months' service is three months full pay/three months half pay.

24/7 confidential support

Staff and family members in their household have access to a free, external confidential support service for work, financial, legal, family and personal problems 24 hours a day, 365 days a year.

Occupational health

Occupational Health support for the College is provided by Imperial College's occupational health service at their South Kensington Campus.

Life Cover

Active members of the SAUL pension scheme automatically receive life cover. A lump sum of four times your salary together with a refund of your contributions and a 2/3 pension for your dependent/spouse is payable should you die whilst in employment.

Library

All staff are welcome to join the college library.

Events

All staff are welcome to attend exhibitions, lectures and private views held by academic schools and programmes.

[Equality, diversity and inclusion - Disability and neurodiversity](#)

Disability Confident

RCA is a Disability Confident Committed employer. You may recognise the logo from our job adverts.

Disability Confident is a government scheme designed to encourage employers to recruit, retain, and develop disabled people. RCA was originally awarded the Disability Confident certificate in October 2022, which broadens and deepens our existing commitment as an employer.

As a Disability Confident Committed employer, we commit to the below core activities:

- ensure our recruitment process is inclusive and accessible
- communicating and promoting vacancies
- offering an interview to disabled people who meet the minimum criteria for the job
- anticipating and providing reasonable adjustments as required
- supporting any existing employee who acquires a disability or long-term health condition, enabling them to stay in work
- at least one activity that will make a difference for disabled people

10 YEARS

as the world's N°1
University for Art & Design

QS World University Rankings by Subject 2015-24

Together, the RCA community can generate change now for a sustainable future everywhere.
